

Cabin Air Filters

OE GOLD

ACDelco OE Cabin Air Filters are specifically engineered to help provide cleaner air from the outside into the vehicle. As air passes through the filter's electrostatic multilayer inserts, up to 95% of dirt, dust, pollen, and other unwanted pollutants (down to 10 microns in size) are caught before entering the cabin through the fresh-air inlet.*

ACDelco GM OE cabin air filters are specifically designed and engineered for your GM vehicle. The true OE part installed during the production of GM vehicles.

- Multi-layer compound media captures large and small particles and provides strength and stability
- Layered construction creates “separated” media, which contains dust and pollen particles, resulting in higher efficiency
- GM-recommended replacement parts for GM vehicle’s original factory components
- The quality, reliability, and durability of GM OE
- Manufactured to GM OE specifications for fit, form, and function

Filters Overview

Cabin Air Filters

ACDelco Gold cabin air filters are the high-quality alternative to GM OE parts backed by General Motors. These cabin air filters are manufactured to meet your expectations for fit, form, and function.

- Highly durable and reliable
- Advanced filter media technology helps keep certain pollutants from entering the interior cabin
- Helps remove most allergens from air entering the ventilation system
- Carbon activated filters help keep bacteria and mold from growing inside the ventilation system
- Available in both carbon and non-carbon paper media

Refer to the electronic parts catalog or www.gmparts.com for the most up-to-date applications and a complete list of parts

*Recirculating air or air entering the vehicle through means other than the fresh air inlet is not filtered by a cabin air filter

24 Month/Unlimited Mile Limited Warranty: Our most common Parts Warranty offers coverage on the majority of our Genuine GM Parts and ACDelco service replacement parts. Effective on parts purchased April 1, 2018 and later to the original retail purchaser. Contact seller for limited warranty part details, qualifications, and possible labor coverage.
